

National Highways Sector Scheme Training 12AB High Speed Traffic Management General Operative

Duration:
One Day.

Group Size:
Maximum 8 delegates

Who Should Attend?

All persons who will be required by their employer to work on motorways and/or high-speed dual Carriageways.

Course Aims:

To provide delegates with the necessary knowledge to assist them in becoming a competent member of a high-speed traffic management team.

Course Objectives:

On completion of the session delegates will: -

- Understand the principles of Quality Assurance.
- Be aware of the relevant Health & Safety legislation and understand their obligations.
- Be able to identify, select and place on site relevant traffic management equipment in accordance with client instructions.
- Be able to maintain traffic management equipment on site.
- Be able to remove traffic management equipment in accordance with client instructions.
- Be able to set out a Chapter 8 lane closure from a given datum
- Have an understanding of the primary paragraphs from Chapter 8 of the Traffic Signs Manual to enable static traffic management closures to be implemented.

Certification:

On completion all candidates will undertake a multiple-choice question paper which carries a 75% pass mark. Lantra Awards will make certification for successful candidates. Full completion of the award can be achieved over a further period of up to 2 years, by undertaking on-site assessments with a suitably qualified assessor in accordance with the awarding organisations scheme rules.
