

**National Highways Sector Scheme
Refresher Test
12D T6 RLTMO (Registered Lead Traffic Management
Operative)**

Duration:
90 minutes.

Group Size:
Maximum of 8 delegates

Who Should Attend?

All persons needing to refresh their 12D T6 Traffic Management qualification as described in sector scheme document 12D (This is available as a classroom test only and is NOT available online)

Pre-Requisites:

All learners MUST hold the 12D T6 qualification. The qualification MUST be valid at the time of completing the refresher test

Aims:

To allow delegates with the opportunity to demonstrate the necessary underpinning technical knowledge to refresh their 12D T6 qualification

Objectives:

Upon successful completion of the session delegates will refresh their qualification for the prescribed period.

Certification:

Successful completion of the session will refresh the qualification for a further 5 years. Successful completion will also renew Modules M1-M4 automatically (if held). However, if the M1-M4 skills have expired, the 12D T6 refresher test will not renew those skills. Smart Cards will be updated accordingly

NB: If the M6 qualification has expired, but is within the post expiry 6-month grace period, Learners will need to complete the full 12d T6 Course and test
