

National Highways Sector Scheme Training

12D Module 5

Multi-Phase Traffic Signals

Duration:

Half Day (or One Day if including the centre based assessment).

Group Size:

Maximum 6 delegates.

Who Should Attend?

All Registered Traffic Management Operatives (RTMO) as described in sector scheme document 12D who require to add this category to their 12D card.

Course Aims:

To provide delegates with the necessary underpinning technical knowledge and skill to enable them to install, operate, maintain and dismantle multi-phase traffic signals.

Course Objectives:

On completion of the session delegates will: -

- Be aware of sector schemes
- Be aware of health & safety at work
- Be aware of relevant codes of practice and other associated documentation when involved in traffic management
- Identify the equipment required in temporary traffic management
- Understand the requirements for using multi-phase traffic signals
- Understand how to operate multi-phase traffic signals

Certification:

On completion all candidates will undertake a multiple-choice question paper, which carries a 75% pass mark. Lantra Awards will make certification for successful candidates. This is an initial off the job training course, full completion of the award can be achieved over a further period of up to 2 years, by undertaking an on-site assessment with a suitably qualified assessor in accordance with the award body's scheme rules.
