

National Highways Sector Scheme Training

12D Module 7

Managers & Client Officers

Duration:
Two Days.

Group Size:
Maximum 12 delegates

Who Should Attend?

12D T7 is targeted at all levels of Management, Client Officers, Technicians and any person not actually installing Temporary Traffic Management (TTM), but requiring a knowledge of basic practice of TTM on urban and rural roads.

Course Aims:

12D T7 is targeted at all levels of Management, Client Officers, Technicians and any person not actually installing Temporary Traffic Management (TTM), but requiring a Contractors, and for other organisations who require a knowledge of current basic practice with minimum legal requirements where they apply.

Course Objectives:

On completion of the session delegates will: -

- Have a working knowledge of National Highway Sector Schemes.
- Interpret the requirements of 'The Safety at Street Works and Road Works, A Code of Practice (The Red Book)' and further guidance from 'The Traffic Signs Manual, Chapter 8'
- Consider all options available to determine the level and extent of the Temporary Traffic Management required.
- Demonstrate knowledge of the site risk assessment process.
- Have the ability to assess and determine temporary traffic layout required for a given work location, activity or operation.
- Understand the standard of equipment that is acceptable to use.
- Realise the implications of changing conditions on site.
- Have the confidence to liaise with site staff for appropriate remedial actions.
- Have the ability to confirm suitability of TTM plans prior to work starting on site.

Certification:

On completion all delegates will be required to undertake a written examination which carries a 75% pass mark. Lantra Awards will issue a card to successful candidates. Refresher training is required every 5 years to keep your card valid.
